Re: Tenth Anniversary Dinner

Dear Suzanne:

Thank you very much for your 5/3/07 letter outlining the agenda for the activities on 5/20/07.

Because of scheduling conflicts we are unable to golf in your outing as we have done in the past, but would like to break away from our prescheduled activities to enjoy the dinner ceremonies you have planned. I appreciate your complimentary admissions for us for the dinner.

You are well aware of the services that ACS provides and how we are involved with severely disabled workers and the family of those fatally injured while on the job.

As part of our claim handling procedures, we meet with these families in a face-to-face setting, generally in their home and as such, see firsthand the devastation that "sets in" with families when these types of injuries occur.

We have known about Kid's Chance since its inception, but our contributions to the organization date back to the year 2000. During that year our firm was involved with sixteen fatal workers' compensation claims. At that point we became a financial partner in Kid's Chance.

As part of our job, we have many opportunities to pass o Kid's Chance scholarship application and information to the families we deal with. We see on the "front side" of the claim how appreciative these families are and I know that your Board sees the appreciation when the actual scholarships are awarded and presented.

We are quite proud of our relationship with Kid's Chance and how we have played a small part in helping the children of these injured and/or fatally injured workers in Pennsylvania.

Please thank the Board for their efforts in bringing this about year after year and we look forward to our continued commitment to this service towards these families.

Sincerely,  
Dennis G. McKendry, WCCC-PA  
Director of Claims
