I want to thank you all for awarding me a scholarship grant for my 2018-2019 school year at my college, Waynesburg University. I had found out about Kids' Chance at the beginning of my sophomore year and was eligible to apply due to my father passing away from a work accident when I was younger. The opportunity for college students like me to receive an award like this is an amazing one. It is hard not being able to have help from your parent when you go to college because of a tragic accident that takes them from you. It is very hard for me going to college for nursing without my father around, especially knowing my father would be so proud of me and would be willing to support me in every way possible financially. This scholarship grant helps me to continue my dream of earning a degree and becoming a nurse one day. I am an extremely hard-working student in every way, but it gives me so much peace of mind knowing I can focus a little more on my studies and a little less on trying to make sure I can make enough money during the school year to keep up paying for tuition. Once again I thank you all for this scholarship grant.
