Scholarships - What We Are All About

Kids' Chance of PA granted \$164,250 in scholarships to 56 eligible scholarship recipients last year. Our Scholarship Application will be available soon. Check our [website](#), for more information on eligibility and to apply for a 2019 Scholarship. And from one of our scholars:

I would like to formally thank you and your sponsors for choosing me as a recipient of the Kid's Chance scholarship for a third year. I am a junior at Penn State –University Park! Since my father was injured on the job over 12 years ago our family has struggled financially. Thanks to the foundation's help I am able to subsidize some of my college funding this year. This will not only help me obtain my degree as I move forward in my studies, but offset some of the hardships I face. I deeply appreciate all the work your program and sponsors due to provide for students who are in need of help. By awarding me with this scholarship you have lightened my family's burden that we are facing with the normal college tuition and cost. My family and I are extremely appreciative for your support.

KIDS' CARES PROGRAM

We take care of our scholarship recipients all year long. In October, a group gathered to mail care boxes of necessities to those whom we awarded scholarships. And the students love getting them each year.
